Mission in Austria

Fr. Deivasahayam, Fr. Rayappan and Fr. Prem Kumar in MSFS Community at Oberpullendorf

There are three confreres, namely, Fr. Deivasahayam, Fr. Rayappan and Fr. Prem Kumar living in an established local community at Oberpullendorf in the diocese of Eisenstadt, Austria. Oberpullendorf is the district headquarters of the central Burgenland, one of the federal states of Austria. We render our pastoral service to a cluster of parishes at Oberpullendorf. It consists of 4 independent parishes and a substation: Oberpullendorf, Mitterpullendorf, Stoob, Steinberg and Dörf. In addition to these, we also render spiritual

service in the hospital.

The house where our Fathers are living was a monastery of the Redemptorists (CsrR). We render our services by way of celebrating all the sacraments, visiting the houses, caring for the sick and the elderly people and attending to the emergency calls from the hospital and home for the aged. The bishop and his administration, during the canonical visitation expressed their happiness over our service and appreciated the hard work. The people of the locality have given positive feedback about our presence here in the parish. Decrease in the number of regular participants in the church activities is a

major challenge of the Church here. Usage of various dialects and migration are some of the other challenges.

Mission in Germany

Fr. A. Joseph Amalraj is working as an Assistant-priest in the Parish of Fürstzell in the diocese of Passau, Germany. The Parish association consists of four Parishes and one Sub-station, namely Fürstzell, Bad Höhenstadt, Jägerwirth, Engertsham and Rehschall. There are about 6450 Catholics in this parish. Main activities of the priests are: Preparing the First communion Children, Spiritual help to the senior citizens, visiting and communion to the sick and elderly, emergency on-call service, pastoral care of the parishioners etc.

Fr. S Joseph is the Assistant-priest in Heilig Geist (Holy Spirit) parish at Bad Füssing in the diocese of Passau. Bad Füssing is a historical place in Bayern. It's known for natural Thermal therapy and attracts more Tourists for their Thermal physical treatment in and around Europe. The Heilig Geist Parish is 52 years old. It is considered to be one of the most modern Churches in the region. It has 5 substations with a pilgrimage Church at Aigen am Inn (St. Leonhard). It is more than 900 years old. This Parish has a German priest (PP), two Indian assistant priests, a Deacon and a woman spiritual care-taker. They render pastoral care to around 5600 Catholics in this parish.

Fr. G. Visuvasam serves as an assistant parish priest in Wurmansquick in Passau diocese. He and his parish priest, Rev. Fr. Joseph Oliparambil are looking after 5 parishes, 5 sub-stations, 12 Churches and 4,850 Parishioners. Baptism, marriage, confirmation, anointing of sick and confession are administered regularly. The ministry in Wurmansquick is enriching and satisfying. Fr. Joseph and Fr. Visuvasam work together happily and support each other in their pastoral ministry.

Fr. David Gabriel is working in the Assumption of Mary Parish in the diocese of Passau. There are five parishes to be taken care of. The pastoral need is vast. Besides these 5 parishes, Fr. David and his Parish Priest are taking care of the spiritual needs of two Old-age Homes, one Rehabilitation center and a Day-care center for the elderly people. Both of them meet the pastoral needs of the Faithful and are kept busy in conducting funerals and other Sacraments, and organizing different groups in the Parish.

Fr. Anto Legin Rex is working in St. George's Parish, Winzer in the diocese of Passau since September 2019. This parish has three more associate parishes namely Nesselbach, Iggenbach and Schoellnstein. Fr. Victor is working in Furth bei Landshut in the diocese of Regensburg. This Parish consists of four Parishes namely Schatzhofen, Obersüßbach, Unterneuhäusen und Weihmichl. People come in good numbers to the Church and take part actively. Together with his Parish Priest, Fr. Victor take care of the pastoral needs of the Parish such as Masses, Funerals, Baptisms and Marriages etc.

Fr. P.S. Joseph is appointed as the Parish Priest of Marklkofen-Steinberg-Poxau in the diocese of Regensburg in North Bavaria from 1st September 2023. These three parishes have also a few more substations. The catholic population is around 3000. All the parishes have their own parish council and finance council, besides several pious associations which are active and helpful to the parish and Parish Priest. Ministry here is also very challenging. The process of fusion of parishes

in the Diocese of Regensburg is very fast, whereby priests have a lot of challenges with regard to time management.

Fr. S. Antony is in a parish called "Sacred Heart of Jesus" in Mühlacker since July 2023. The Parish Mühlacker is in the diocese of Rottenburg- Stuttgart. It consists of 2 main parishes and 3 substations. It is also Vicariate Center. There are around 7000 Catholic. There is enough pastoral work for the priests here. The parish has a lot of non-German people, which makes the ministry colourful but challenging.

Fr. A. Selvamani stands (in the photo) in front of Dillingen Saar Dom, i.e., the Cathedral in Dillingen, in the Diocese of Trier. It is one of the oldest

churches in Saarland. I am here since October 2023. This is a small town with 5 Churches - one each in four corner and the Saar Dom in the city center. The Catholics are ca. 7000 and other denominations also are present but in small number. There are two other priests serving here: one is Vicar Forane, and the other is an elderly priest.

Fr. Rajkumar is at present rendering pastoral service in the parish of St. Vitus in Olfen in the diocese of Münster since February 2016. In comparison to the previous parish Rheine, the present parish is a relatively small parish with about 6000 Catholics in two churches. It is a very lively parish with several groups and associations that function very well and make our parish life very vibrant. Besides administering sacraments and exercising the duties and responsibilities as a priest, he is also working closely with mass servers in the parish, helping them in faith and liturgy.

Fr. David Vincent is working in St. Ludger Cathedral, which is a Roman Catholic pilgrimage neo-Gothic Church located in the city of Billerbeck in the diocese of Münster. He serves this parish since April 13, 2019. The parish has a total population of 12,000. In addition to the regular pastoral ministries within the parish, he is also responsible for guiding 121 mass servers in the parish

Fr. Edward Xavier is working in the big parish of Amöneburger Land since 2020. It's the place where St. Boniface started his missionary journey in 721 AD. Besides it, he is also visiting the sick and wishing the people who celebrate round Birthdays.

Fr. Simon Raja is in the parish of Fritzlar in the diocese of Fulda since July, 2023. This parish has a catholic population of around 5,500, spread over 20 villages. Like St. Francis Xavier brought the good news to India, so also St. Boniface brought the Christian faith to Germany in

the early 8th century. He carried out evangelisation with the help of St. Wigbert and St. Sturm. St. Sturm exactly in this parish area with more success. The tomb of St. Wigbert is in the Church of Fritzlar. Beside the regular celebrations of Mass in the parish and in four old age homes, he is also responsible for mass servers.

Fr. B. Francis Xavier, since August 2018, is appointed as one of the three co-pastors in the parish of St. Maria Magdalena, Hünfelder Land. As the German Catholic Church is currently undergoing a drastic restructuring process, three neighboring main parishes with their 14 sub-parishes were merged with it. As such, since 2023, the new constellation with 18 sub-parishes is called the parish of St.

Mary Magdalene Hünfelder Land. Factors such as, a huge number of non-believers, recent scandals in the church, and indifferent attitude of people towards religious activities have led to a sharp decline in the number of church-goers. In addition to the routine preparations and celebrations of the holy sacraments, Fr. Francis Xavier is responsible for the altar boys and girls, First Holy Communion and Confirmation as well as animating the senior citizens' groups.

Fr. Aloysius is serving as Co-Pastor in St. Martin's Parish, Bad Orb in the diocese of Fulda, since January 2018. Bad Orb is a spa town located in the state of Hessen, with a catholic population exceeding 5000. The town's economy is primarily shaped by the health and tourism sectors. In addition to Bad Orb, the parish extends its pastoral care to three other villages. And within Bad Orb itself, there were originally two churches. However, one of them was closed this year due to high maintenance

costs and a decrease in the number of faithful. Both the parish priest and Fr. Aloysius attend to the pastoral needs of individuals in four Old-age homes and two rehabilitation centers within the parish.

Dear Confreres,

On behalf of the Province, I place on record my heartfelt gratitude to our Fathers working abroad. They face several hardships in carrying out their ministry efficiently. However, they do it cheerfully for the Province and its Mission. They come together once a year as members of South-East India Province, besides the annual retreat. They also celebrate the Feast of St. Francis de Sales and do spread his spirituality through their sermons and interactions with the parishioners. Many of them are taking initiates to help the Province financially, besides their regular salary. I also thank the student priests who pursue their studies passionately inspite of the difficulties involved in it. God bless all of you, dear Fathers.

Yours in Christ
